CHILHOWEE NATIONAL FOREST

check the park’s website at www.nps.gov for the latest closure information. Trails and backcountry campsites/shelters are subject to closure as conditions change. Additionally, some trails may have temporary closures due to construction or maintenance. Please visit the park’s website for the most up-to-date information.

One-way trails are noted on the map. Please be mindful of one-way trail directions to ensure a safe and enjoyable experience for all hikers.

Facility Closures

Many areas of the park, including roads, trails, and facilities, may be temporarily closed due to weather conditions, construction, or other factors. Please check the park’s website or contact the park for the most current information.

Stream Crossings

Many streams in the park have no bridges, requiring hikers to ford the water. Please be cautious and only attempt to ford if you have the necessary skills and equipment.

This trail map is not intended for navigation. Please use it as a reference tool to plan your hikes and explore the park. For accurate navigation, please use GPS or a map and compass.

The Great Smoky Mountains National Park is a special place, and we encourage you to respect its natural beauty and wildlife. Please help protect the park for future generations by following all park rules and guidelines.
If Someone Gets Injured

If someone is injured and can’t be moved, do the following:

1. Provide warm and dry clothing, warm fluids if necessary.
2. Keep the victim still, and move them to a trailhead.
3. Notify park authorities if injuries are severe.
